Welcome!

To our P.R.E. Family and Friends:

How wonderful that you could all join the family of the Pure Spanish Horse here at Celebration 2011!

The Foundation offers a big "Welcome Back Hug" to our friends who have joined us before and a "Warm Welcome" to those who are here for the first time from so many countries of the world. We hope that you will have such a marvelous time with your friends and family that you will mark your calendar for next year to join us at the same time here at South Point for Celebration 2012.

This year the horse show has been expanded with more classes, more avenues for participation, new vendor booths, new farms and horses represented, and many opportunities for each of us to make new friends and enjoy moments with our old friends. Celebration is considered THE place to meet with friends from around the world and THE place to see the best of the best of the Spanish Horses in North America.

We are delighted to offer even more entertainment this year: on Mexican Heritage Night (Thursday evening) we are having a wonderful benefit Concierto y Baile with the renowned El Puma de Sinaloa and on Saturday evening we have our Celebration Banquet and Live Auction, and the spectacular new Horse of the Kings Theatre which will tell the story of the P.R.E. horse throughout history. We hope you'll attend, help us light up Las Vegas, and support the Pure Spanish Horse!

In addition we are pleased to be offering a full slate of seminars for you to expand your education about the P.R.E., and we are proud to announce the addition of the new discipline of Working Equitation to our classes. Our wonderful Spanish horses excel at this sport and we look forward to bringing this exciting "fun" factor to our show. We are also offering Prix Caprilli classes this year for those who like a little jumping with their dressage. We are continuing our Art Expo that everyone enjoyed so much last year and of course, our vendors will be here to tempt you with everything equine (and not!)

With these words of welcome, come by our booths on the mezzanine level, come to visit us with our horses downstairs, and settle in your stadium seats in the auditorium for amazing horsemanship and spectacular horses. You are most welcome back into your Family of the Spanish Horse!
